

Especially for students of the Waldorfschool, Scheveningen

Our **Music orientation class** is meant for children in the early learning years of elementary school. During this class, consisting of 12 sessions we will sing together, play musical instruments, listen to music, dance and of course do lots of musical games. We always have a lot of fun together.

At the same time we put a serious focus on a broad spectrum of music related activities. In a playful way we address the most important elements of music such as rhythm, tone and musical hearing.

With that said, this course is the first step towards further music lessons or for example a children's choir or musical and theatre groups.
